PROXY STATEMENT

INTRODUCTION

Your Proxy is solicited by the Board of Directors of SurModics, Inc. (“the Company”) for use at the Annual Meeting of Shareholders to be held on January 27, 2003, at the location and for the purposes set forth in the notice of meeting, and at any adjournment thereof.

The cost of soliciting proxies, including the preparation, assembly and mailing of the proxies and soliciting material, as well as the cost of forwarding such material to beneficial owners of stock, will be borne by the Company. Directors, officers and regular employees of the Company may, without compensation other than their regular remuneration, solicit proxies personally or by telephone.

Any shareholder giving a proxy may revoke it at any time prior to its use at the meeting by giving written notice of such revocation to the Secretary of the Company. Proxies not revoked will be voted in accordance with the choice specified by shareholders by means of the ballot provided on the Proxy for that purpose. Proxies which are signed but which lack any such specification will, subject to the following, be voted in favor of the proposals set forth in the Notice of Meeting and in favor of the slate of directors proposed by the Board of Directors and listed herein. If a shareholder abstains from voting as to any matter, then the shares held by such shareholder shall be deemed present at the meeting for purposes of determining a quorum and for purposes of calculating the vote with respect to such matter, but shall not be deemed to have been voted in favor of such matter. Abstentions, therefore, as to any proposal will have the same effect as votes against such proposal. If a broker returns a “non-vote” proxy, indicating a lack of voting instructions by the beneficial holder of the shares and a lack of discretionary authority on the part of the broker to vote on a particular matter, then the shares covered by such non-vote proxy shall be deemed present at the meeting for purposes of determining a quorum but shall not be deemed to be represented at the meeting for purposes of calculating the vote required for approval of such matter.

The mailing address of the principal executive office of the Company is 9924 West 74th Street, Eden Prairie, Minnesota 55344. The Company expects that this Proxy Statement, the related proxy and notice of meeting will first be mailed to shareholders on or about December 13, 2002.

**ELECTION OF DIRECTORS
(Proposals #1 and #2)**

General Information

The Bylaws of the Company provide that the number of directors, which shall not be less than three, shall be determined by the shareholders. The Board of Directors recommends that the number of directors be set at eight. The Bylaws also provide for the election of three classes of directors with terms staggered so as to require the election of only one class of directors each year. Only directors who are members of Class I will be elected at the Annual Meeting. The Class I directors will be elected to a three-year term and, therefore, will hold office until the Company's 2006 Annual Meeting of Shareholders and until their successors have been duly elected and qualified. The terms of Class II and III directors continue until 2004 and 2005, respectively.

The Board of Directors nominates Jose H. Bedoya, Patrick E. Guire and John A. Meslow for re-election as Class I directors. Each Proxy will be voted for each of such nominees unless the Proxy withholds a vote for one or more nominees. If, prior to the meeting, it should become known that any of the nominees will be unable to serve as a director after the meeting by reason of death, incapacity or other unexpected occurrence, the proxies will be voted for such substitute nominee as is selected by the Board of Directors or, alternatively, not voted for any nominee. The Board of Directors has no reason to believe that any nominee will be unable to serve. Under applicable Minnesota law, approval of the proposal to set the number of directors at eight, as well as the election of each Class I nominee, requires the affirmative vote of the holders of a majority of the voting power of the shares represented in person or by proxy at the Annual Meeting with authority to vote on such matter, but not less than the affirmative vote of 4,324,623 shares.

The following information is provided with respect to each director nominee as well as each director whose term continues after the Annual Meeting:

Committee and Board Meetings

The Company's Board of Directors has two standing committees, the Audit Committee and the Organization and Compensation Committee. The Audit Committee is responsible for reviewing the Company's internal control procedures and the quarterly and annual financial statements of the Company, and reviewing with the Company's independent public accountants the results of the annual audit. The Audit Committee met twice during fiscal 2002. The Organization and Compensation Committee recommends to the Board of Directors from time to time the salaries and incentive compensation to be paid to executive officers of the Company and administers the Company's employee stock plans. The Organization and Compensation Committee did not have a formal meeting during the year.

During fiscal 2002, the Board of Directors held seven formal meetings. Each incumbent director attended 75% or more of the total number of meetings of the Board and of Committee(s) of which he was a member.

Director's Fees

Directors are not currently paid fees for attending Board or Committee meetings. Non-employee directors are generally compensated with nonqualified stock options as determined by the Board of Directors from time to time. The non-employee directors currently hold nonqualified stock options to purchase an aggregate of 214,400 shares of Common Stock. All such options have an exercise price equal to the fair market value of a share of Common Stock on the date of grant and expire ten years after the date of grant. Such options vest over five year periods commencing on the date of grant. In addition, Mr. Meslow was reimbursed for his travel-related expenses incurred in attending meetings of the Board of Directors.

AUDIT COMMITTEE REPORT

The Board of Directors maintains an Audit Committee comprised of three of the Company's outside directors. The Board of Directors and the Audit Committee believe that the Audit Committee's current member composition satisfies the rule of the National Association of Securities Dealers, Inc. ("NASD") that governs audit committee composition, Rule 4310(c)(26)(B)(i), including the requirement that audit committee members all be "independent directors" as that term is defined by NASD Rule 4200(a)(15).

In accordance with the revised written charter (set forth in Exhibit A) adopted by the Board of Directors, the Audit Committee assists the Board of Directors with fulfilling its oversight responsibility regarding the quality and integrity of the accounting, auditing and financial reporting practices of the Company. In discharging its oversight responsibilities regarding the audit process, the Audit Committee:

- (1) reviewed and discussed the audited financial statements with management;
- (2) discussed with the independent auditors the material required to be discussed by Statement on Auditing Standards No. 61; and
- (3) reviewed the written disclosures and the letter from the independent auditors required by the Independence Standards Board's Standard No. 1, and discussed with the independent auditors any relationships that may impact their objectivity and independence.

Based upon the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2002, as filed with the Securities and Exchange Commission.

EXECUTIVE COMPENSATION AND OTHER INFORMATION

Compensation Committee Report on Executive Compensation

Compensation Committee Interlocks and Insider Participation

The Organization and Compensation Committee (“Committee”) of the Board of Directors of the Company is currently composed of five of the Company’s outside directors. None of the members of the Committee is an employee or executive officer of the Company. During the fiscal year ended September 30, 2002, Dale R. Olseth, the Company’s Chief Executive Officer, served as the chairman of the compensation committee of The Toro Company. Kendrick B. Melrose, a member of the Committee, serves as the Chief Executive Officer of The Toro Company.

Compensation Philosophy

The Committee’s executive compensation policies are designed to enhance the financial performance of the Company, and thus shareholder value, by aligning the financial interests of executive officers and employees with those of shareholders. The executive compensation program is viewed in total considering all of the component parts: base salary, annual performance incentives, benefits and long-term incentive opportunities in the form of stock options, restricted stock grants and stock ownership. The Committee’s position is that stock ownership by executive officers and employees is beneficial in aligning management’s and shareholders’ interests in the enhancement of shareholder value.

Base Salary

Base salaries for executive officers of the Company are reviewed by the Committee. The Committee assesses the executive officer’s level of responsibility, experience, individual performance, and accountabilities relative to other Company executive officers and external market practices. The Company’s annual base salaries for its executive officers are generally conservative when compared to base salaries offered by comparable companies. However, the Committee believes that executive officers’ base salaries, when combined with incentive plans based on the Company’s financial performance, are generally competitive with compensation levels at comparable companies. The Company’s pay-for-performance philosophy places a substantial portion of executive officers’ total compensation “at risk” while providing compensation opportunities which are comparable to the market levels.

Incentives

The Company may grant some executive officers long-term awards, including performance awards, stock options, and restricted stock. The purposes of the awards are to:

- (i) focus executives on the achievement of performance objectives that enhance shareholder value;

Table of Contents

- (ii) emphasize the importance of balancing present business needs and long-term goals critical to the future success of the Company; and
- (iii) attract and retain executive officers of superior ability.

Annual Incentive Plan. The Company has adopted a cash bonus plan that enables the Company's employees, including its executive officers, to earn an additional percentage of their annual base salary based on the achievement of certain financial goals by the Company. Pursuant to this plan, executive officers may earn up to an additional 36% of their respective annual base salaries if the goals are met. The actual percentage award for all employees is determined based on the achievement of certain revenue and operating income goals for the fiscal year.

1997 Incentive Stock Option Plan. Under the Company's 1997 Incentive Stock Option Plan, 1.2 million shares of Common Stock were reserved for issuance to executive officers and employees. The 1997 Plan requires that the option price per share must be at least 100% of the fair market value of the Common Stock on the date of the option grant. Options typically expire seven years from the date of grant or upon termination of employment, and are exercisable at a rate of 20% per year commencing one year after the date of grant.

Nonqualified Stock Option Plan. Under the Company's Nonqualified Stock Option Plan, 1,944,480 shares of Common Stock were reserved for issuance to outside directors, executive officers and employees. The options are granted at 100% of the fair market value. Options expire seven to ten years from the date of grant, and are exercisable at a rate of 20% per year from the date of grant or 20% per year commencing two years after the date of grant.

Restricted Stock Plan. Under the Company's Restricted Stock Plan, 200,000 shares of Common Stock were reserved for issuance to executive officers and key employees. Under the Restricted Stock Plan, grants of restricted stock vest in full five years from the date of grant.

If the 2003 Equity Incentive Plan (Proposal #3) receives shareholder approval, no further options or restricted stock awards will be granted from the *1997 Incentive Stock Option Plan*, the *Nonqualified Stock Option Plan*, or the *Restricted Stock Plan*.

General

The Company provides medical and insurance benefits to its executive officers which are generally available to all Company employees. The Company also maintains a 401(k) savings plan in which all qualified employees, including the executive officers, may participate. The Company provides matching contributions to the savings plan for all participating employees, allowing such employees to earn up to an additional 3% of their annual base salary. In addition, the Company maintains a Stock Purchase Plan that permits qualified employees, including executive officers, to purchase stock of the Company at favorable prices. The amount of perquisites allowed to executive officers, as determined in accordance with rules of the Securities and Exchange Commission, did not exceed 10% of salary in fiscal 2002.

Table of Contents

Chief Executive Officer Compensation

Dale R. Olseth served as the Company's Chief Executive Officer in fiscal 2002. His annual base salary and eligibility for annual incentives, set forth in the following tables, were determined in accordance with the policies described above as applicable to all executive officers.

Other

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), limits the deductibility of certain compensation paid to the chief executive officer and each of the four other most highly compensated executives of a publicly-held corporation to \$1 million. In fiscal 2002, the Company did not pay "compensation" within the meaning of Section 162(m) to such executive officers in excess of \$1 million and does not believe it will do so in the near future. Therefore, the Company does not have a policy at this time regarding qualifying compensation paid to its executive officers for deductibility under Section 162(m), but will formulate such a policy if compensation levels ever approach \$1 million.

Nonqualified Stock Option Plan. The Nonqualified Stock Option Plan was adopted by the Board of Directors prior to the Company's initial public offering in March 1998 and it has not been approved by shareholders. Under the Company's Nonqualified Stock Option Plan, 1,944,480 shares of Common Stock were reserved for issuance to outside directors, executive officers and employees. The options are granted at 100% of the fair market value. Options expire seven to ten years from the date of grant, and are exercisable at a rate of 20% per year from the date of grant or 20% per year commencing two years after the date of grant.

Restricted Stock Plan. The Restricted Stock Plan was adopted by the Board of Directors prior to the Company's initial public offering in March 1998, and it has not been approved by shareholders. Under the Company's Restricted Stock Plan, 200,000 shares of Common Stock were reserved for issuance to executive officers and key employees. Under the Restricted Stock Plan, grants of restricted stock vest in full five years from the date of grant.

Stock Performance Chart

The following chart compares the cumulative total shareholder return on the Company’s Common Stock with the cumulative total return on the Nasdaq Stock Market and the Nasdaq Medical Industry Index (Medical Devices, Instruments and Supplies). The comparison assumes \$100 was invested on March 3, 1998 (the date of the Company’s initial public offering) and assumes reinvestment of dividends.

**APPROVAL OF 2003 EQUITY INCENTIVE PLAN
(Proposal #3)**

The Board of Directors recently approved the SurModics, Inc. 2003 Equity Incentive Plan (the "Plan"), subject to approval by the Company's shareholders. The Board believes that granting fairly-priced stock options and restricted stock awards to employees, officers, consultants and directors are an effective means to promote the future growth and development of the Company. Such options and awards, among other things, increase these individuals' proprietary interest in the Company's success and enables the Company to attract and retain qualified personnel. The Board therefore recommends that all shareholders vote in favor of the Plan.

The 2003 Plan replaces the 1997 Incentive Stock Option Plan, which the shareholders previously approved, and the Nonqualified Stock Option Plan and Restricted Stock Plan previously adopted by the Board (collectively referred to as the "Prior Plans"). If the 2003 Plan is approved by the shareholders, no further stock options or restricted stock awards will be granted under the Prior Plans; however, any options and restricted stock awards outstanding under the Prior Plans shall remain subject to their terms and conditions. Further, if the 2003 Plan is approved by the shareholders, any shares reserved for the 1997 Plan which are not currently subject to outstanding incentive stock options or which are not issued upon the exercise of such options shall not be used for the grant of any future stock options, it being the Board's intention that all future options shall be granted under the 2003 Plan. There are currently 698,240 shares available for future grant under the Prior Plans. If, however, the shareholders do not approve the 2003 Plan, future stock options and restricted stock awards will continue to be granted under the Prior Plans.

Description of 2003 Equity Incentive Plan

A general description of the material features of the Plan follows, but this description is qualified in its entirety by reference to the full text of the Plan, a copy of which may be obtained without charge upon request to Stephen C. Hathaway, the Company's Vice President and Chief Financial Officer.

General. On November 18, 2002, the Company adopted the 2003 Equity Incentive Plan. Under the Plan, the Board or the Compensation Committee may award nonqualified or incentive stock options and restricted stock awards (collectively referred to as an "Award" or "Awards") to those officers, directors, consultants and employees (the "Participants") of the Company (including its subsidiaries and affiliates) whose performance, in the judgment of the Administrator, can have a significant effect on the success of the Company.

Shares Available. Assuming the shareholders approve the Plan, the total number of shares of the Company's common stock available for grants of Awards to Participants directly or indirectly under the Plan shall be Six Hundred Thousand (600,000) shares of common stock. If any Awards granted under the Plan expire or terminate prior to exercise or otherwise lapse, the shares subject to such portion of the Award are available for subsequent grants of Awards.

Table of Contents

The total number of shares and the exercise price per share of common stock that may be issued pursuant to outstanding Awards are subject to adjustment by the Board of Directors upon the occurrence of stock dividends, stock splits or other recapitalizations, or because of mergers, consolidations, reorganizations or similar transactions in which the Company receives no consideration. The Board may also provide for the protection of Participants in the event of a merger, liquidation, reorganization, divestiture (including a spin-off) or similar transaction.

Administration and Types of Awards. The Plan may be administered by the Board or by a committee of the Board of Directors (hereinafter referred to as the “Administrator”). Any committee appointed by the Board to administer the Plan shall consist of at least two “non-employee” directors (as defined in Rule 16b-3, or any successor provision, of the General Rules and Regulations under the Securities Exchange Act of 1934). The Administrator has broad powers to administer and interpret the Plan, including the authority: (i) to establish rules for the administration of the Plan; (ii) to select the Participants in the Plan; (iii) to determine the types of Awards to be granted and the number of shares covered by such Awards; and (iv) to set the terms and conditions of such Awards. All determinations and interpretations of the Administrator are binding on all interested parties.

Options. Options granted under the Plan may be either “incentive” stock options within the meaning of Section 422 of the Internal Revenue Code (“I.R.C.”) or “nonqualified” stock options that do not qualify for special tax treatment under Section 422 or similar provisions of the I.R.C. No incentive stock option may be granted with a per share exercise price less than the fair market value of a share of the underlying common stock on the date the incentive stock option is granted. Unless otherwise determined by the Administrator, the per share exercise price for nonqualified stock options granted under the Plan also will not be less than the fair market value of a share of the Company’s common stock on the date the nonqualified stock option is granted. The fair market value of the Company’s common stock was \$31.10 on December 6, 2002.

The period during which an option may be exercised and whether the option will be exercisable immediately, in stages, or otherwise is set by the Administrator. An incentive stock option may not be exercisable more than ten (10) years from the date of grant. Participants generally must pay for shares upon exercise of options with cash, certified check or common stock of the Company valued at the stock’s then “fair market value” as defined in the Plan. Each incentive option granted under the Plan is nontransferable during the lifetime of the Participant. A nonqualified stock option may, if permitted by the Administrator, be transferred to certain family members, family limited partnerships and family trusts.

The Administrator may, in its discretion, modify or impose additional restrictions on the term or exercisability of an option. The Administrator may also determine the effect that a Participant’s termination of employment with the Company or a subsidiary may have on the exercisability of such option. The grants of stock options under the Plan are subject to the Administrator’s discretion. Consequently, future grants to eligible Participants cannot be determined at this time.

[Table of Contents](#)

Restricted Stock Awards. The Administrator is also authorized to grant awards of restricted stock. Each restricted stock award granted under the Plan shall be for a number of shares as determined by the Administrator, and the Administrator, in its discretion, may also establish continued employment, vesting or other conditions that must be satisfied for the restrictions on the transferability of the shares and the risks of forfeiture to lapse. Because future grants of restricted stock awards are subject to the discretion of the Administrator, future awards to eligible Participants cannot be determined at this time.

Amendment. The Board of Directors may terminate or amend the Plan, except that the terms of Award agreements then outstanding may not be adversely affected without the consent of the Participant. The Board of Directors may not amend the Plan to materially increase the total number of shares of common stock available for issuance under the Plan, materially increase the benefits accruing to any individual or materially modify the requirements for eligibility to participate in the Plan without the approval of the Company's shareholders if such approval is required to comply with the I.R.C. or other applicable laws or regulations.

Federal Income Tax Matters

Options. "Incentive" stock options granted pursuant to the Plan are intended to qualify for favorable tax treatment to the Participant under Code Section 422. Under Code Section 422, a Participant realizes no taxable income when the incentive stock option is granted. If the Participant has been an employee of the Company or any subsidiary at all times from the date of grant until three months before the date of exercise, the Participant will realize no taxable income when the option is exercised. If the Participant does not dispose of shares acquired upon exercise for a period of two years from the granting of the incentive stock option and one year after receipt of the shares, the Participant may sell the shares and report any gain as capital gain. The Company will not be entitled to a tax deduction in connection with either the grant or exercise of an incentive stock option, but may be required to comply with applicable withholding requirements. If the Participant should dispose of the shares prior to the expiration of the two-year or one-year periods described above, the Participant will be deemed to have received compensation taxable as ordinary income in the year of the early sale in an amount equal to the lesser of (i) the difference between the fair market value of the Company's common stock on the date of exercise and the option price of the shares, or (ii) the difference between the sale price of the shares and the option price of shares. In the event of such an early sale, the Company will be entitled to a tax deduction equal to the amount recognized by the Participant as ordinary income. The foregoing discussion ignores the impact of the alternative minimum tax, which may particularly be applicable to the year in which an incentive stock option is exercised.

"Nonqualified" stock options granted under the Plan are not intended to and do not qualify for favorable tax treatment available to "incentive" stock options under I.R.C. Section 422. Generally, no income is taxable to the Participant (and the Company is not entitled to any deduction) upon the grant of a nonqualified stock option. When a nonqualified stock option is exercised, the Participant generally must recognize compensation taxable as ordinary income equal to the difference between the option price and the fair market value of the shares on the date of exercise. The Company normally will receive a deduction equal to the amount of compensation the Participant is required to recognize as ordinary income and must comply with applicable tax withholding requirements.

[Table of Contents](#)

Restricted Stock Awards. Generally, no income is taxable to the Participant in the year a restricted stock award is granted. Instead, the Participant will recognize compensation taxable as ordinary income equal to the fair market value of the shares in the year in which the transfer restrictions lapse. Alternatively, if the Participant makes a “Section 83(b)” election, the Participant will, in the year that the restricted stock award is granted, recognize compensation taxable as ordinary income equal to the fair market value of the shares on the date the restricted stock award is granted. The Company normally will receive a deduction equal to the amount of compensation the Participant is required to recognize as ordinary taxable income, and must comply with applicable tax withholding requirements.

New Plan Benefits

The Company’s management and Board of Directors believe that adoption of the Plan will enable the Company to continue to attract and retain a strong management and employee base, and will further link key employees to and reward them for increases in shareholder value. Currently, no Awards have been granted under the Plan. Because future grants of Awards under the Plan are subject to the Administrator’s discretion, the future benefits or amounts that may be received by employees, officers, consultants or directors under the Plan cannot be determined at this time.

Vote Required

The Board of Directors recommends that the shareholders approve the 2003 Equity Incentive Plan. Under applicable Minnesota law, approval of the Plan requires the affirmative vote of the holders of a majority of the voting power of the shares represented in person or by proxy at the Annual Meeting with authority to vote on such matter, but not less than the affirmative vote of 4,324,623 shares.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers, directors and persons who own more than 10 percent of the Company's Common Stock, to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Officers, directors and greater than 10% shareholders ("Insiders") are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based on a review of the copies of such reports furnished to the Company, during the fiscal year ended September 30, 2002, all Section 16(a) filing requirements applicable to Insiders were complied with, except that Jose H. Bedoya was late filing Form 3, Patrick E. Guire was late filing two forms reporting three gifts, former director James J. Grierson was late filing one form reporting three transactions, Gerald B. Fischer was late filing Form 3, and James C. Powell was late filing one form reporting two gifts.

INDEPENDENT PUBLIC ACCOUNTANT

On June 28, 2002, upon recommendation and approval of its Board of Directors, the Registrant ceased its client-auditor relationship with Arthur Andersen LLP, the independent accountant which had been engaged by the Registrant for prior fiscal years.

Arthur Andersen LLP's report on the financial statements of the Company for the past two years did not contain an adverse opinion or disclaimer of opinion nor were they qualified as to uncertainty, audit scope or accounting principles. There were not, in connection with the audits of the two most recent fiscal years and any subsequent interim period preceding June 28, 2002, any disagreements with Arthur Andersen LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to Arthur Andersen LLP's satisfaction, would have caused it to make reference to the subject matter of the disagreement in connection with its report, and there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

On June 28, 2002, the Registrant selected Deloitte & Touche LLP to serve as the Registrant's independent auditors for the 2002 fiscal year. During the two most recent fiscal years, the Registrant has not consulted Deloitte & Touche LLP with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any other matters or reportable events as set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K. Representatives of Deloitte & Touche LLP are expected to be present at the meeting, will be given an opportunity to make a statement regarding financial and accounting matters of the Company if they so desire, and will be available to respond to appropriate questions from the Company's shareholders.

Audit Fees. The aggregate fees billed by Deloitte & Touche LLP for professional services rendered in connection with the audit of the Company's annual financial statements for fiscal 2002 and reviews of the financial statements included in the Company's Forms 10-Q for fiscal 2002 were \$65,000. The aggregate fees billed by Arthur Andersen LLP for professional services were \$20,000.

[Table of Contents](#)

Financial Information Systems Design and Implementation Fees. Neither Deloitte & Touche LLP nor Arthur Andersen LLP billed any fees for financial information systems design and implementation during fiscal 2002.

All Other Fees. The aggregate fees billed by Deloitte & Touche LLP for all other non-audit services rendered to the Company during fiscal 2002, primarily fees for tax-related services, were \$28,000. The aggregate fees billed by Arthur Andersen LLP for all other non-audit services rendered were \$137,800, primarily for tax-related services.

The Company's Audit Committee has considered whether provision of the above non-audit services is compatible with maintaining Deloitte & Touche LLP's independence and has determined that such services have not adversely affected Deloitte & Touche LLP's independence.

OTHER BUSINESS

Management knows of no other matters to be presented at the meeting. If any other matter properly comes before the meeting, the appointees named in the proxies will vote the proxies in accordance with their best judgment.

SHAREHOLDER PROPOSALS

Any appropriate proposal submitted by a shareholder of the Company and intended to be presented at the 2004 annual meeting of shareholders must be received by the Company by August 15, 2003, to be considered for inclusion in the Company's proxy statement and related proxy for the 2004 annual meeting.

Also, if a shareholder proposal intended to be presented at the 2004 annual meeting but not included in the Company's proxy statement and proxy is received by the Company after October 28, 2003, then management named in the Company's proxy form for the 2003 annual meeting will have discretionary authority to vote shares represented by such proxies on the shareholder proposal, if presented at the meeting, without including information about the proposal in the Company's proxy materials.

ANNUAL REPORT TO SHAREHOLDERS

A copy of the Company's Annual Report to Shareholders for the fiscal year ended September 30, 2002, accompanies this notice of meeting and Proxy Statement. No part of the Annual Report is incorporated herein and no part thereof is to be considered proxy soliciting material.

FORM 10-K

The Company will furnish without charge to each person whose proxy is being solicited, upon written request of any such person, a copy of the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2002, as filed with the Securities and Exchange Commission, including the financial statements and the financial statement schedules thereto. The Company will furnish to any such person any exhibit described in the list accompanying the Form 10-K, upon the payment, in advance, of reasonable fees related to the Company's furnishing such exhibit(s). Requests for copies of such report and/or exhibits(s) should be directed to Mr. Stephen C. Hathaway, Vice President and Chief Financial Officer, at the Company's principal address.
